

Panel Labels

Thermal transfer engraved plate replacement labels for asset identification

Easily print on TT4000+ and TT430.

Ideal replacement for engraved plates: panel labels.

Labels for control panel identification, thermal transfer

- **Material 1220 (White)**
- **Material 1221 (Silver)**

Application

Panel Labels are durable adhesive labels especially made from a thick material that is designed to replace traditional engraved plastic plates. The white and silver glossy colours are suited to industrial control panels, switchgear, data racks, and general equipment labeling.

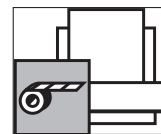

Create crisp and clear professional looking labels by printing with TT4000+ or TT430 printers and TT122OUT ribbons.

Simple label design creation is easily achieved using TagPrint Pro.

Features and Benefits

- Cost effective replacement for engraved plastic plates, no need for additional label holder
- High performance adhesive and compressible foam backing ensures optimal adhesion to uneven surfaces if required
- Rounded corners ensure better long term durability of adhesion
- Wide range of sizes to suit most commonly installed equipment
- Print high contrast text and barcodes
- Print 'On Site' not order 'Off Site'
- Special sizes and colours are possible on request
- TagPrint Pro label printing software available
- Print with HellermannTyton's premium range of thermal transfer printers and ribbons

Material Data	
Material	Type 1220, Polyester (PET), white (WH) Type 1221, Polyester (PET), silver (SR)
Operating Temperature	-40 °C to +90 °C
Curing Temperature	from +10 °C
Recommended Ribbon Type	TT122OUT
Adhesive	Acrylic
Thickness of Foil (µm)	625
chem. material properties	Excellent resistance to ageing, weathering and UV-radiation. Extensive resistance to the influence of chemicals and solvents.
